Black & White MFP
Up to 55 PPM
Small/Med. Workgroup
Copy, Print, Scan, Fax
Secure MFP
Affordable, high-quality black and white.

The e-STUDIO477s/L527s from Toshiba offers fast, high-quality black and white output in a compact size and at a sensible price. Copy, print, scan and fax with the MFP that does it all, for less.

Your MFP has arrived.
Small and medium size businesses, from healthcare to education to finance, can now take advantage of everything Toshiba MFPs have to offer, in a surprisingly small package. The new e-STUDIO477s/L527s prints black and white at speeds of 49/55 PPM for letter size paper and 36/40 PPM for legal size. The series incorporates leading LED technology that reduces the overall size and simplifies the design. An e-BRIDGE Universal Print Driver, the single driver for all Toshiba e-BRIDGE series models, includes plug-ins for the simple addition of a variety of productivity enhancing options.

Compact, powerful and groundbreaking.
A long list of impressive features and benefits are available on the e-STUDIO477s/L527s. The e-BRIDGE technology provides consistency across our family of MFPs. After you’ve learned one, you can operate many. They all use the same operability, user interface, open platform connectors, cloud and mobile printing and scanning, and management utilities as the current e-BRIDGE lineup. The series features a small footprint so it’s lightweight and also operates quietly. The black and white output is incredible, and incredibly fast. You’ll also be impressed by the enhanced image quality and razor sharp text.
Leading innovation in high security.

Data has never been more secure. The e-STUDIO477SL/527S incorporates proprietary Toshiba technology in a number of ways to provide a level of data protection for IT equipment that sets a new standard.

Security matters.

Toshiba’s e-STUDIO477SL/527S addresses the most stringent security requirements of the IEEE2600 standards for multifunction products. Our proprietary 320GB Self-Encrypting-Drive (SED) features Automatic Data Invalidation, virtually eliminating the possibility that data can be retrieved from the drive should it be removed and placed into another device. This Toshiba design utilizes the 256 Advanced Encryption Standard (AES) and is FIPS 140-2 Validated, while the data overwrite feature meets Department of Defense requirements. Even data being sent to or from the e-STUDIO477SL/527S can be encrypted using the optional IPsec Enabler.

Keeping your data safe.

Other MFP features help make sure you only share the information you want to share. The Secure PDF feature lets users scan and email documents at the MFP using a password so only those recipients who know the password can access the document.

Whatever your security concerns may be, with the Toshiba e-STUDIO527s series and the protection it affords, you can rest assured your documents are safe.

Secure MFP™

Not only can you perform multiple functions with ease, everything you do is protected with advanced security measures.

Take advantage of scalable configurations. You can create a convenient desktop version. Or, add paper capacity and functionality as needed.
Technologically advanced, environmentally sound.

Toshiba began developing innovative ways to reduce environmental impact long before it became the popular thing to do. In addition to a smaller footprint with regard to size, the e-STUDIO477sl/527s also has a smaller ecological footprint.

Protecting precious resources in more ways.

While we’re busy working to help save the environment, we’re also helping you save money. The e-STUDIO527s series uses a mono component development method that eliminates waste material. An enhanced Sleep Mode has a 1.5 W power consumption to further reduce energy usage. Other ways in which Toshiba puts environmental responsibility into action include a recycling program, reduction of CO2 emissions, and the recycling of plastics. Reduction and elimination of hazardous materials such as lead and mercury enable the series to comply with environmental standards around the world. In addition, the series is Energy Star Tier 2 compliant.

Green Matters.

From our zero-waste-to-landfill toner recycling to greener manufacturing, Toshiba is a recognized environmental leader. We’re investing in programs that help both our business and yours reduce, reuse and recycle.

Encompass Assessment and Green Report.

Toshiba’s Encompass Assessment examines all output devices and determines your company’s current environmental impact.

The data is delivered in a Green Report where we highlight simple solutions to support your environmental initiatives.

The e-STUDIO477sl/527s has unique stacking drawers and spacers that allow you to configure your device to fit your specific needs. Put together a configuration that’s just right for you by choosing from a countertop base model or up to three additional drawers and/or spacers along with a space-saving inner finisher*.

*Inner finisher for e-STUDIO527CS only.
Exceptional features, starting with e-BRIDGE.

The outstanding performance of the e-STUDIO477sl/527s is due to advanced Toshiba e-BRIDGE technology. This series is available for small and medium businesses looking for fast, affordable black and white output and the ability to integrate workflow solutions into their MFP. The list of features is impressive, including Universal Print Drivers with plug-ins, web browsing and printing, open platform connectors and mobile printing.

**Compact, lightweight, and packs a punch**
This powerful, compact letter and legal size device saves space and money, offering one of the smallest footprints among comparable MFPs.

**LED print head**
An innovative LED light source for printing results in low noise, easy maintenance and a smaller, more compact size.

**Impressive image quality**
Get crisp 1200 x 1200 dpi output with rich blacks and a greater range of grayscale using a variety of media from 17lb bond to 138lb index and 3” x 5” index cards to 8.5” x 52” banners.

**High performance print engine**
A technologically advanced, high performance print engine allows for a faster warm-up and First Copy Out Time. Not to mention an overall energy reduction to help the environment and your budget.

**Easy to use**
Now it’s easier than ever to operate an MFP. Thanks, in part, to a 9-inch display consistent with other Toshiba devices, hard keys or buttons used for main functions, and an e-BRIDGE Open Platform for flexible integration.

**Easy to maintain**
Replacing supplies and performing routine maintenance are simple and can be performed by virtually anyone, reducing the need for a service call.

**Plenty of options**
Choose from a variety of options to take greater advantage of the e-STUDIO477sl/527s series. There’s a space-saving Inner Finisher, 2,000-Sheet LCF up to 4-drawer configuration. Also, Job Point for cluster printing with up to 10 e-STUDIO models and Re-Rite for one-touch automatic OCR as well as a Fax Unit, Wireless LAN Module, and IPsec Enabler.

**Managed Print Services**
Look to our highly experienced Managed Print Experts to help you cut costs, streamline operations, control your output environment, secure documents, and reduce your environmental impact.

**And that’s not all**
The list of outstanding features goes on and on. In fact, it goes something like this: Job Skip allows you to skip to the next job if one job runs out of paper or toner. Omit Blank Page removes all blank pages from all jobs. Outside Erase lets you copy or scan books and 3D objects with the RADF open. Envelope Printing can be done straight from the bypass. The One Touch Templates function automates complex or frequently repeated jobs. Standard Tandem Printing completes large jobs faster by dividing the work between two printers. And, e-Filing lets you print, edit and manage stored documents.
# Specifications

## Copying Process
- Indirect Electrostatic Photographic Transfer System with Internal Transfer Belt

## Copying Type
- LED Head Printing

## Copy/Print Resolution
- 600 x 600 dpi (1200 x 1200 dpi - PS3 only)

## Copy/Print Speed
- 49/55 PPM B&W

## Warm-Up Time
- Approx. 60 Seconds

## First Copy Out Time
- 8 Seconds

## Multiple Copying
- Up to 999 Copies

## Acceptable Paper Size and Weight
- Cassette: ST-R to LG (17lb Bond - 120lb Index)
- Bypass: 3" x 5" to LG, Banner 8.5" x 52" (17lb Bond - 138lb Index)

## Memory (Max)
- Main Memory: 2GB
- HD: 320GB FIPS 140-2 Validated SED

## Document Feeder
- 100-Sheet

## Reduction/Enlargement
- 25% to 400%

## Bypass
- 100-Sheet "Smart" Bypass (17lb Bond - 138lb Index)

## Control Panel
- Color 9" LCD Touch Panel

## Paper Supply
- Up to 3,160-Sheet Input Capacity
- Standard 1 x 530-Sheet Cassettes
- 100-Sheet Bypass
- Optional 3 x 530-Sheet Cassettes
- Optional 2,000-Sheet LCF

## Duplex
- Std. Automatic Duplex Unit (17lb Bond - 120lb Index)

## Dimensions
- 477SL: Approx. 20.55" x 22.2" x 26.5" (W x D x H)
- 527S: Approx. 20.55" x 22.2" x 32" (W x D x H)

## Weight
- Approx. 115lb

## Toner Yield
- 36K

## Power Consumption
- Maximum 1.5 kW

## Max Duty Cycle
- 200K/225K Copies

## Scan Specifications
- Resolution: 100 dpi, 150 dpi, 200 dpi, 300 dpi, 400 dpi, 600 dpi
- Speed: 55 SPM B&W, 40 SPM Color (@ 300 dpi)
- File Format: TIFF, PDF, Secure PDF, JPEG, XPS (with HDD)

## Facsimile Specifications
- Compatibility: Super G3
- Data Compression: MH/MR/MMR/JBIG
- Transmission Speed: Approx. 3 Seconds Per Page
- Fax Modem Speed: 33.6 Kbps
- Scan Speed: .7 Seconds Per Page, Maximum 42 SPM

---

# e-BRIDGE Print Specifications

## PDL Support
- PCL6, PostScript 3, XPS

## Operating Systems
- Windows Server 2003, 2008, 2012, Vista SP2, 7, 8, NetWare 6.5, Citrix, Macintosh OS 10.4-10.9
- Solaris v10, 11, HP-UX V11.i3, AIX 7.x, Linux, SCO

## Protocol Support
- Windows Printing (SMBS1.0/2.0, LPR/LPD, IPP (Ver.1.1)
- w/Authentication, NetWare P-Server w/NDS, Binary, Novell NDS Gateway, or LPD w/print, Apple Talk PAP or EtherTalk, Port 9100 (bi-directional), WS Print, FTP

## Connectivity
- Windows Server 2003, 2008, 2012, Vista SP2, 7, 8, Macintosh OS 10.4-10.9

## Wireless Device
- AirPrint, e-BRIDGE Print & Capture Application on iOS and Android (Available via Apple App Store or Google Play)

## Device Management
- Top Access, eFMS 6.0 (e-BRIDGE Fleet Management Software)

## Certification
- Windows 7, 8, 8.1, 2008R2, 2012, 2012 R2, WHQL, Novel, Citrix

## Scan Specifications
- Resolution: 100 dpi, 150 dpi, 200 dpi, 300 dpi, 400 dpi, 600 dpi
- Speed: 55 SPM B&W, 40 SPM Color (@ 300 dpi)
- File Format: TIFF, PDF, Secure PDF, JPEG, XPS (with HDD)

---

# e-Filing Specifications

## Operation Method
- Color Touch Screen Control Panel or Client PC

## Number of Boxes
- 1 Public Box, 200 Private User Boxes

## Security
- Data Encryption: 256 Bit AES (SED Hard Drive)
- Disk Overwrite: 1-5 Time Overwrite (meets DOD standard)
- Authentication: LDAP, SMTP, Windows Server Domain, Local

## Accessories (Options)

### Additional Paper Options, Spacers, Caster Base
- Fax Board: GD1340
- Meta Scan Enabler for e-CONNECT: GS1010
- IPsec Enabler: GP1080
- Advanced Scanning (Re-Rite): GB1280V8
- SharePoint Connector: GB1440
- Exchange Connector: GB1450
- Google Docs Connector: GB1640

### Connectivity/Security Options
- Fax Board: GD1340
- Meta Scan Enabler for e-CONNECT: GS1010
- IPsec Enabler: GP1080
- Advanced Scanning (Re-Rite): GB1280V8
- SharePoint Connector: GB1440
- Exchange Connector: GB1450
- Google Docs Connector: GB1640
