>WILLPOS C10

>WILLPOS C10
Compact and Multi-purpose Touchscreen Terminal

> A ONE-STOP SOLUTION

Toshiba works with 'best of breed' software partners to provide a complete solution that can be tailored to the customer's requirements.

A support network in the majority of countries provides essential peace of mind that, once installed, the POS will be serviced and maintained by experienced engineers and service staff.

> GREEN CREDENTIALS

Toshiba is committed to the design and manufacture of products that reduce environmental impact, creating environmental quality standards for each product and prescribing them with the highest levels required by the industry.

All Toshiba products are RoHS compliant.

WILLPOS C10

COMPACT AND FLEXIBLE: THE ALL-IN-ONE POS PACKAGE

Rugged and reliable, the WILLPOS C10 is designed for the widest range of applications and environments - a truly multi-purpose solution with stylish aesthetics, fan-less operation and the smallest of footprints.

Toshiba WILLPOS C10 Multi-Purpose Terminal

In-built customer display

COMPACT PERFORMER

With its tiny footprint, the WILLPOS C10 touchscreen terminal easily fits into the vast majority of counter set-ups. The integrated silent thermal receipt printer with auto-cut and easy media loading makes the WILLPOS C10 a truly diminutive 'all-in-one' business solution.

FLEXIBLE SET-UP

The WILLPOS C10 can be configured either on a counter or wall. This means it can be used in applications such as transportation, kiosks, concessions and others not normally possible with traditional POS solutions.

ENERGY NOT POWER

The innovative Intel Atom 1.66 Ghz processor has a low power consumption and low heat emissions giving the WILLPOS C10 excellent performance without needing the associated high power to drive it.
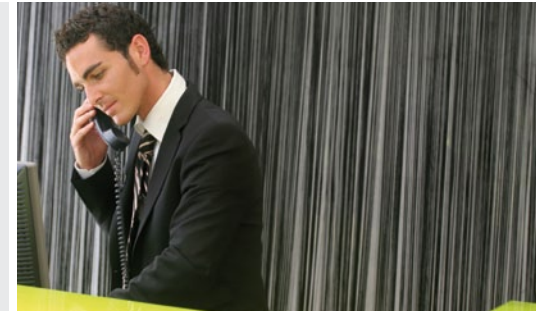

RUGGED & SPILL-PROOF

With rugged casing and a splash-proof design, the WILLPOS C10 can operate in the most harsh service environments, providing a durable and stable platform with a low total cost of ownership.

CLASSY LOOKS

A perfect fit for even the most chic shops and restaurants, the WILLPOS C10 boasts clean and stylish aesthetics, a sleek 10.4 inch touch TFT and silent operation. And, with a wide choice of colour panels, it can be tailored to reflect a store's image and brand.

TRUSTED RELIABILITY

Toshiba manufactures all components within its entire range of POS solutions to guarantee reliability and consistency. The WILLPOS C10 has been designed with non-moving parts and fan-less operation to maximise this reliability and the low cost of ownership throughout the life of the product.

MOBILE OPTIONS

An integrated battery* option offers flexibility for both fixed and mobile retailing applications. With approximately 5 hours battery life, the WILLPOS C10 can seamlessly operate in wireless trading environments, offering a solution adjustable to the customer's needs.

THE TOTAL PACKAGE

The Windows® 7-ready WILLPOS C10 is available with a full range of options, including customer display and MSR. A number of communication devices and expandable COM ports* ensure the system is future-proofed and flexible.
