EMPOWERING THE ART OF BUSINESS®
A FULL LINE OF AWARD-WINNING DOCUMENT SOLUTIONS

MANAGED PRINT EXPERTS

At Toshiba, we’ve moved far beyond the box. Our people bring innovative, real-world solutions to all your print management needs. We’ll help you cut costs, secure your documents and reduce your environmental footprint. And if there’s one thing every business and our planet could use right now, it’s managing to do more with less.

AWARD-WINNING

Toshiba products and underlying technology consistently win major awards from prestigious industry and consumer organizations. Marketing Research Consultants, BTA, BLI and CIO recognize us for our product performance and superior service.

ECOSMART

We believe that leading innovation leads to a better world. We continually seek ways to aid in the reduction of harmful environmental substances, the prevention of pollution and the development of environmentally conscious products. Not only do we promote earth-friendly practices as our way of doing business, we also choose our suppliers based on their commitment to manufacturing materials that help achieve ecological harmony.

SECURE MFP

Toshiba has long recognized security as a top priority for businesses. That’s why we offer some of the most advanced security features and programs available, with multiple levels to ensure that all your data remains right where it belongs.

COMMITTED TO QUALITY

We deliver a level of service and a guarantee that are unmatched in the industry. There are no disclaimers. Just a simple and sincere commitment to deliver the quality you expect, all backed by our Toshiba Quality Commitment guarantee.

MULTIFUNCTION PRODUCTS

MAXIMUM PRODUCTIVITY IN EVERY WORKPLACE

We offer a full line of multifunction products with an array of optional features and finishing options. Copy, print, scan and fax—our e-STUDIO™ MFPs are fast and productive, providing businesses like yours the capability and versatility to produce what you need, when you need it.
SIMPLE ONE-TOUCH FUNCTIONS

At Toshiba, our long history of industry-leading innovation has led to some of the most powerful, versatile MFPs available. Now, we’re taking that impressive functionality to the next level with Elevate—the easy-to-use, super efficient user interface. Your MFP’s user interface can be tailored to suit the way your business operates, simplifying both common and sophisticated tasks.

With Elevate, users can quickly learn how to perform your automated custom one-touch functions and newly discovered features with minimal effort. Need to scan to an automated workflow or copy an odd-sized, mixed-original job, Elevate helps you make these complicated tasks as simple as the touch of a button. Elevate also helps increase document security by simplifying the process of protecting printed and scanned documents.
The e-STUDIO389cs/479cs MFPs are ideal for small and medium-sized businesses that can now take advantage of everything Toshiba has to offer, in a surprisingly compact size. QUICKLY CONVERT IMAGES INTO DIGITAL FORM AND PRINT MORE EFFICIENTLY WITH A RANGE OF NEW PRODUCT OPTIONS.

We offer a wide variety of products and services and partner with other industry leaders like Lexmark, HP, KIP and Kodak to provide you with the best solutions.
Toshiba has formed a strategic agreement with Hewlett-Packard, one of the global leaders in the multifunction printer market. As an Authorized Partner, we can offer our customers special pricing on the entire HP LaserJet product line including mono and color single-function and MFP products, scanners and DesignJet wide format. Toshiba can be your one-stop source for hardware, supplies and service of these devices.

Toshiba has partnered with Lexmark to provide best-in-class printing, multifunction and vertical market solutions. A leading developer, manufacturer and supplier of printing and imaging solutions, Lexmark has become known for its high-quality mono and color printers and MFPs. Let Toshiba be your single source for Lexmark printers and supplies.
Toshiba has partnered with Brother International Corporation, a leading provider of document imaging solutions. Its award-winning printers, multifunction devices, and scanners are all engineered to help individuals and businesses work smarter. Brother provides unsurpassed quality, unequalled reliability, and exceptional value in all their document imaging solutions. Brother’s portfolio of document imaging solutions helps increase productivity, improve workflow, enhance efficiency and reduce costs.

KIP network print systems increase print production possibilities by delivering wide-format output with exceptionally reliable performance. These devices efficiently produce documents sent via application drivers, network PCs or the Internet. They meet the toughest printing demands of virtually any digital imaging environment and may be easily upgraded to incorporate black and white as well as color copying and scanning features. Partnering with KIP has rounded out Toshiba’s product lineup.
Alaris is a Premier Partner in the Toshiba Strategic Alliance Program. Together we deliver synergy with MFP and document scanners to optimize operations. As a leading provider of information capture solutions that simplify business processes, we offer a solution to fit every need, from ad-hoc desktop to back office high-volume scanning. Industry experts agree, like BLI who has awarded Alaris with the prestigious Scanner Line of the Year award three consecutive years in a row by 2018! We exist to help the world make sense of information with smart, connected solutions powered by decades of image science innovation.

Toshiba has partnered with Fujitsu Computer Products of America, Inc. (FCPA), an established leader in the document-imaging market. Fujitsu features state-of-the-art scanning solutions in the workgroup-, departmental- and production-level scanner categories. These scanners deliver speed, image quality and great paper handling, along with easy integration and compatibility with over 200 document imaging applications.

INFORM AND ENGAGE

Virtuoso is a cost-effective interactive solution designed for high-use environments. Perfect for the one-to-one or one-to-few interactions. Virtuoso allows you to inform, educate, entertain or influence all via the power of touch. Exceptional functionality allows users to explore, expand, mark up content, watch videos, play games and access information. Virtuoso is our most popular touch solution and has been developed for a variety of markets including retail, education, healthcare, airport, hotel, banking, government, stadiums/arenas and points of interest.

CREATE AN ENGAGING RETAIL INTERACTIVE STOREFRONT

Transform your in-store experience right at the point of sale with our interactive selling solution. Using LCD screens that are custom fit into shelving, relevant and detailed information is displayed when a product is lifted from its in-store shelf; lift a second product, and screens dynamically update to compare the products. By enabling product information on demand, the online experience is merged with in-store product accessibility to enhance shopper engagement.
BRING YOUR BRAND TO LIFE

Attract customers in new and exciting ways with MoFoto from Toshiba. Whether it’s in a retail setting or sports and entertainment venue, your customers will be captivated with this unique integration of augmented reality and digital signage that expands your brand. It’s a great way for you to increase customer and fan engagement, elevate the in-store experience and provide incentives and gaming interaction.

IMPROVE THE SHOPPING EXPERIENCE AND GROW BASKET SIZE

Experience Manager allows you to create, manage and distribute content to networked digital displays. Comprised of three components – Designer, Content Manager and Player, it provides a centralized solution capable of delivering targeted content by time, location and demographic to ensure delivery across one or many touch points.
VISUAL MERCHANDISING GETS A DIGITAL BOOST

Providing relevant information at the point of purchase can be a challenging task, but it’s more important to shoppers than ever. Our Cross Sell assisted selling solution allows sales associates to trigger outfit styles—relevant to customer gender and age—onto in-store displays from a tablet. Sales associates have the ability to speak to the larger image while sharing detailed specifics with the customer on the tablet. Cross Sell also allows the sales associate to check inventory based on style, size and color, and even complete the transaction to provide a seamless shopping experience.

SKIP THE LINE AND SAVE TIME

Today’s shoppers are looking to save time every time they come in. Boost repeat business by streamlining the shopping experience and providing more value in-store. Xsellrate provides a variety of features to engage shoppers and enrich their experience. With this multifunction kiosk shoppers can quickly and easily place deli orders, find items in store and get ideas on meals to prepare.
TOSHIBA SOFTWARE AND DEVICE MANAGEMENT

Toshiba understands the multifunction product is just the beginning. That’s why we leverage our leading-innovation technology with software and programs that help you increase efficiency and eliminate waste.
SOFTWARE SOLUTIONS

PRINT MANAGEMENT
Our Print Management Services are designed to help you take control of your fleet of devices and make smart decisions that will reduce costs, enhance collaboration, manage documents more efficiently, control access, strengthen security, manage consumables and provide ongoing support and maintenance.

DOCUMENT MANAGEMENT
This category provides the capability to manage, share and secure paper, electronic and digital documents. These features enable you to control costs, increase efficiencies and better communicate, while reducing risk and helping to meet higher standards of compliance and business continuity.

DEVICE MANAGEMENT
Includes software-based solutions and services focused on reducing the cost and improving the return on investment for deploying networked office equipment. Such technologies provide automated device management-based services and simplify the process of managing and servicing network-based output devices.

OUTPUT MANAGEMENT
Includes solutions for tracking, measuring and monitoring document output to workgroup office equipment, as well as security-based solutions that prevent unauthorized access to output devices and related information. Additional solutions in this category include technologies that intelligently process and format legacy and database-driven streams of information to distributed workgroup environments, providing support for advanced distributed printing applications.

CAPTURE & WORKFLOW
This category includes scan-based document capture and routing applications as well as front-end workflow applications, particularly those enabled via a networked workgroup multifunctional peripheral or scanner.
