TOSHIBA

Empower your business in powerful ways.

If you're looking for ways to grow and expand your business, Toshiba has the answer. With the e-STUDIO908, you can take advantage of impressive speeds, outstanding reliability and flexible paper handling. And that's just the beginning, because the processing and output are equally impressive.

A workhorse at work.

Amazing performance starts right out of the gate with a first copy out time as fast as 4.0 seconds and copy speeds of 90 pages per minute. Want to scan? That's done at up to 240 impressions per minute (ipm) for double-sided documents and 120 ipm for single-sided. All of these outstanding features are right at your fingertips, thanks to an intuitive, large touch panel.

Performance never looked so good.

Outstanding image quality at 1,200 × 1,200 dpi is consistently impressive, even across long print runs. You can rest assured documents of all sizes will turn out precise and accurate, run after run after run. And, you can use a variety of media – up to 160lb index. Need more toner? Simply replace the toner cartridge while the job is still running.

The technology of getting what you want.

In addition to speed and image quality, the e-STUDIO908 offers a variety of paper handling, input and finishing options. There's also extra-large paper capacity and document storage. In addition, you get to choose from various paper trays, folding units and finishers.

More processing, less effort.

The e-STUDIO908 features powerful Intel® processors and large RAM, which allows the systems to handle large runs in very little time. Furthermore, PCL6 and genuine Adobe® PostScript® 3 come standard. A 10/100/1000 BaseT Gigabit Ethernet connection enables the transfer of large files quickly, and the e-STUDIO9081TB HDD can store 35,000 pages while performing all of the impressive MFP functions.

The business of security.

Security continues to be a growing issue for businesses around the world. Toshiba stays ahead of the game. The e-STUDIO908 lets you breathe easier by offering security features such as data overwrite, encryption, authentication, hidden pattern printing and image logs.

Environmentally and business friendly.

At Toshiba, we go to great lengths to reduce our environmental impact, and yours. We rank in the highest levels, thanks to accomplishments like being RoHS Compliant and ENERGY STAR® rated. The e-STUDIO908 utilizes CO2 reducing plastics and toner, Energy Save and Eco Modes, Enhanced Power Shut-Off and Eco Scan as well as a reduced TEC value. We are always working to make sure our environmental impact is a positive one.

A large, 250-sheet Duplex Single Pass Feeder (DSPF) handles your biggest jobs with ease. Time-saving features like an interposer and a multitude of finishing options allow you to produce professional documents, brochures and booklets.

The e-STUDIO908 at a glance.

Super fast features

- First copy out time as fast as 4.0 seconds
- 90 pages per minute
- Up to 240 images per minute scan speeds

Ease of use

- 10.1" touch screen control panel
- · Access to the entire user manual at the keyboard
- · Optional full fax functionality

Workhorse performance

- Up to 1,000K monthly copy volume
- Hefty toner yield of 120K at 5% coverage

Massive paper handling

- Up to 8,500-sheet maximum paper capacity
- Up to 7 paper sources plus 2 insert sources
- Handles up to 160lb index

Network print and scan

- PCL6 and genuine Adobe® PostScript® 3 come standard
- · USB-direct printing and scanning
- Direct print from FTP, web page, email and SMB

Various finishing options

- 65-sheet stapler finisher
- · 65-sheet stapler finisher with saddle stitch
- 100-sheet stapler finisher
- 100-sheet stapler finisher with saddle stitch

A convenient status indicator changes

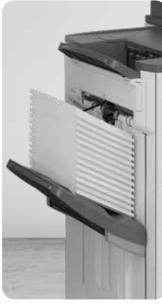

color, runs solid or blinks to let you

know when the MFP needs attention.

• Folding and post inserter options

A variety of options allows you to configure an MFP that perfectly suits your needs. All with the speed, reliability and quality you've come to expect from Toshiba.
