BRING YOUR BRAND TO LIFE WITH TOSHIBA'S MOFOTO™

Attract customers in new and exciting ways with MoFoto from Toshiba. Whether it's in a retail setting or sports and entertainment venue, your customers will be captivated with this unique integration of augmented reality and digital signage that expands your brand. It's a great way for you to increase customer and fan engagement, elevate the in-store experience, provide incentives and gaming interaction.

BUILD CUSTOMER AND FAN LOYALTY THROUGH AUGMENTED REALITY

Features and Benefits:

- > Increase Brand Awareness
- > Provide Product Information
- > Enhance Fan Engagement
- > Improve In-Store Experience
- > Offer Incentives & Promotions
- > Provide Gaming Interaction

You can layer digital content with the physical environment and the branded kiosk. The final result includes a lifelike, virtual image of customers together with their favorite sports figure, a celebrity, your company mascot or personality in a real world environment—as if he or she were actually there with them. The photo can then be shared through social media, bringing your brand to life.
